CSA/FRUIT/FARM SHARES AVAILABLE FOR 2021

Indian Orchards is a small family-run orchard located just 30 minutes west of Philadelphia. This farm has been our home for over a century, and in that time we have been serving high quality home-grown fruits and vegetables to our neighbors and friends. We grow a wide variety of fruits, including local heritage **apples** picked from our 100-year-old trees, **peaches** and **plums** famous for their rich flavor and juiciness, and lush fields of **blueberry** and **raspberry** bushes grown using sustainable methods **without the use of pesticides**.

We are opening our farm to the wider public for the first time since our founding in 1913, and we have a limited number of **CSA/Fruit & Veggie Shares** available for pickup. You will receive a bag filled with our finest offerings each week, supplemented from time to time with locally-made preserves. **Full Shares** are picked up weekly at our farm, **Half Shares** every other week, from **June through October**.

While nature prevents us from being able to guarantee the availability of certain items every season, you can generally expect to find the following fruits in your share:

Blueberries - Raspberries - Blackberries - Peaches - Plums

Figs (new FIGLAND) - Pears - Apples - Grapes

Jams - Jellies - Preserves - Our OWN Honey too!

Fresh Veggies from VEGGIE LAND & our new TOMATO LAND

Fresh-pressed Apple Cider (unpasteurized)

Plus many other possibilities & surprises from what we GROW!

(EACH WEEK'S SHARES WILL BE FROM WHAT IS AVAILABLE FOR THAT TIME PERIOD/SEASON/OR GROW CYCLE)

HALF SHARE cost is \$425, every other week of growing season

The Schedule for Your weeks for pick up of your farm share will be sent to as soon as possible & we reserve the right to change weeks due to harvest!

By signing above I agree to the terms of the CSA/Fruit & Farm Share contract (*Community Supported Agriculture), and understand that as a member I will share in the bounty as well as the risks that accompany farming, and that the farm grows and harvests with my share in mind. I understand that this is a season-long commitment, and that if I am unable to pick up shares, I must inform the farm that another individual will pick it up instead by our list times & it's for FOR THAT WEEK ONLY , or I know I will forfeit the share for that week without holding the farm responsible by thinking that the farm must give refunds/credits / add fruits / veggies / or extra of any kind in exchange for forfeited week(s). The farm cannot be responsible for share week bags not picked by latest SATURDAY BY 5 PM. While Indian Orchards cannot guarantee any crops, it will place immediate priority on filling my share with the highest quality fruits in season. In a CSA (Community Supported Agriculture) that a portion of this payment from your shared monies goes to the "House"/Farm for seasonal start up costs which is not added in your weekly returns. We thank you for supporting sustainable agriculture. However, at the end of the season, we DO take care of our shares best we can before First Frost. **Thank you from the BERNHARDT FAMILY** for believing and helping us with the start of each season!

If paying by credit card, I authorize the withdrawal of funds from my credit card account and agree to the terms of your credit card user agreement. I understand CSA/Fruit/Farm shares are non-refundable.

Please submit the completed form ASAP to assure your share.
